MANUFACTURERS OF

ARCHITECTURAL SHEET METAL ORNAMENTS

STATUARY Etc.

194 and 196 MATHER ST CHICAGO, ILL

To Architects and the Trade.

IN presenting our new Catalogue—our sixth edition—we deem a lengthy introduction unnecessary. A correct idea of the increase of our business might be obtained by any of our old Customers who care to compare this catalogue with former ones issued by us. That we lead in the manufacture of SHEET METAL AND ARCHITECTURAL ORNAMENTS, STATUARY, ETC., is abundantly proven in the many imitations of new designs made from our book by other concerns. Having spent the best part of our lives in the business we conduct, we feel that our knowledge of the requirements of the trade is not limited and we aim to make our goods reliable, so that our customers may know what to expect when once familiar with our goods. Our manufacturing facilities are of the best and the great increase of trade reflects credit upon the superiority of our work. The promptness with which we fill orders DEFIES COMPETITION.

PRICES.—The amount of business we are doing, together with our superior manufacturing facilities, enables us to quote the lowest prices.

CHEAP ORNAMENTS.—The attention of Cornice Manufacturers is called to our line of Cheap Metal Ornaments, shown on pages 167 to 171 inclusive. Most of these ornaments are very bold, and will excell in material and quality any of those made by other concerns.

SPUN METAL WORK.—In this line our facilities are unsurpassed and all orders are promptly filled. Made in either copper, brass or zinc, such as Half Balls, Balusters, Urns, Moddilion Fronts, Rossettes, Etc.

SPECIAL WORK.—In this line a slight charge for dies will be made, except when a sufficient quantity is ordered, in which case there will be no extra charges. In this line we are also prepared to fill orders promptly.

TERMS.—Our terms are 30 days, subject to sight draft to parties of approved credit.

CREDITS.—If not already well known please send with your first order good references, or such other information concerning your commercial standing as you may be able to furnish. This will avoid delay which is often very annoying. We cannot be expected to ship goods to those whose standing is not known to us. For references, please name bankers, wholesale merchants or other well-known business men; whatever information you may give us will be held in strict confidence.

CASH BUYERS.—If you have not an established credit and do not care to establish it as suggested above, you can estimate the amount of your order closely by reference to our price list and enclose remittance when you send the order; we do an extensive business in this way and always give these orders prompt and careful attention.

SPECIAL NOTICE.—We make no charge for cartage and boxes. We would request customers to report any errors as promptly as possible, and will gladly correct them. Examine all goods upon receipt and if any part of them prove unsatisfactory, advise us AT ONCE. Explicit shipping directions should be given with each order, otherwise we will not be responsible for mis-shipments, should any occur.

We extend our grateful thanks to those customers who have heretofore given us their orders. We ask a continuance of their patronage, and a trial order from those who have not dealt with us before. This book will bear us out that orders of any size will be promptly and carefully filled, and our customers can rest assured that they will receive a full hundred cents' worth for every dollar they invest with us. Soliciting the patronage of all, we are
